

BLENDED PAVER

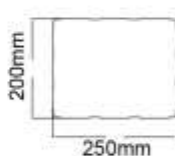

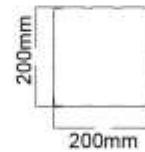

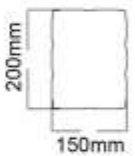

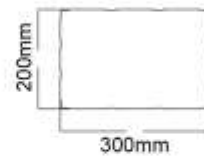

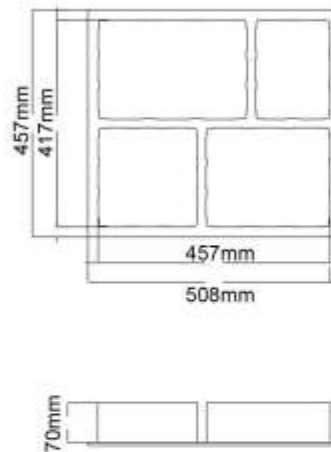

PAVERS WHICH GIVE A NEVER BEFORE NATURAL
LATERITE STONE LOOK.

The CHIRO has a unique Goan Laterite finish that sets it apart from any other paver. It blends into the Surroundings especially well if you have laterite finishes in your house design.

CHIRO

- It has a natural laterite finish that helps in blending with the local environment.
- Good strength means seldom breakages leading to almost ZERO MAINTENANCE for years. One time investment gives you a classy look for life.
- Every paver top is unique in pattern, unlike those single print pavers that give an unnatural repetitive look to the entire landscape.
- Think of a pattern and describe it to us. Chiro colours and pattern can be CUSTOMISED so you have a unique landscape that stands apart from the rest.
- Compared to other blended pavers CHIRO can be cleaned from moss with just a pressurised jet, ensuring a brand new look year after year.
