

# WEATHEREX PAVER

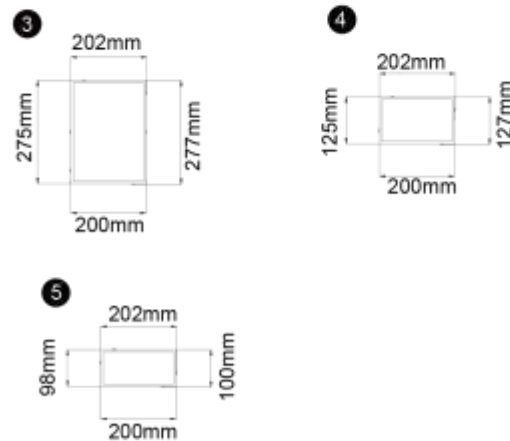

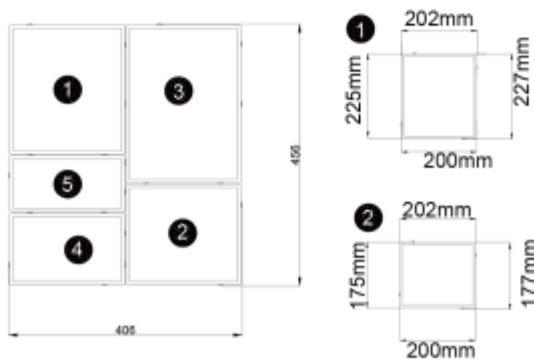

CREATE PATTERNS YOU LIKE WITH  
WEATHERED ( SHOT BLASTED ) FINISH

Increases the value of every landscape project. Available in six color options. Non slippery surface is ideal for heavy monsoons.

**Weather Ex SET OF 5**  
Available in 60 mm Thickness

- They are available in a variety of colors, which gives you the flexibility to make pavements of your choice.
- They are capable of taking heavy vehicular traffic load. A long term investment without worries.
- They are anti-skid which means they will never turn slippery in monsoon. Less chance of slipping while walking.
- Reduced moss formation. They look the same every day as the 1st day
- They can be conveniently cleaned with pressured water jets.

Innovative paver blocks featuring a strongly textured surface achieved through a process of shot blasting. Weather Ex pavers are made up of strongly bonded, carefully washed and graded aggregates. They are popular for superior anti skid properties and enhanced look and feel. These pavers are available as a set of 5 which gives a unique pattern to the project. Set of 5 shapes gives the entire landscape a unique textured look.
